Autopage alarm xt-33 manual model no.

Autopage xt-33 manual.

| Report abuse I dont quite remember clearly but try this:- Switch the keys twice on & off.leave it on "on" (not to the point of engine start up)- Press & hold the "red" hidden installation button in the car for 10 secs.once you hear the chirp, let go off the button and press the snow flake button on each remote you want to program.-Once thats done, you can press the red button for another 5 secs and you should hear another 2 chirp. Very disappointed. All the transmitters have to be done at the same session, even the ones that worked before. Mike F. | Report abuse My horn won't chirp when locking and unlocking Crystin · May 16, 2017 Do you find this helpful? Carrion-Baralt · March 28, 2015 1 of 1 found this helpful. Press the lock b… see more I have an autopage RS-655 alarm system. | Report abuse Programming is based on the system installed in the vehicle, not the actual remote. I contacted AUTOPAGE and they told me that the XT-33 is a direct replacement for the XT-59, and that it was probably a defective unit, and to get a replacement from Amazon. I downloaded the programming instructions from the AUTOPAGE Website. Clark · March 27, 2015 Do you find this helpful? I did, and I had exactly the same results: I can get the system to go into learning mode and program the XT-59, but cannot program EITHER of the XT-33s. The transmitter is ready to program. | Report abuse I have an autopage RS-655 alarm system. | Report abuse Never got mine to work. walter gehlken · March 27, 2015 Do you find this helpful? Do you? You can program up to 4. Press the lock button on the transmitter until the siren responds with a confirming chirp. I bought and installed new batteries, in case that was the problem; no dice. The unit in my car is an RF-305. That should be it.... Dre_Dawkcide · March 27, 2015 Do you find this helpful? It would never chirp as indicated on the instructions. see less I have an autopage RS-655 alarm system. Once you get the alarm model number then you can go to the key fob website to get the correct programming sequence. I was able to get the system to go into learning mode and program my old remote XT-59, but could not program my new XT-33. Press the lock button on the second transmitter. Turn the ignition switch "off/on" 3 times and stay in on position . | Report abuse - Switch the keys twice on & off.leave it on "on" (not to the point of engine start up)- Press & hold the "red" hidden installation button in the car for 10 secs.once you hear the chirp, let go off the button and press the snow flake button on each remote you want to program.-Once thats done, you can press the red button for another 5 secs and you should hear another 2 chirp. · March 27, 2015 Do you find this helpful? The blue lights on the remote were on, but it did nothing when I pressed any of the buttons. Unlike the other answers, my manual has these steps. The blue lights on the remote were on, but it did nothing when I presse… see more Never got mine to work. Big waste of time and money (shipping, return shipping and batteries). | Report abuse There are different requirements based upon the model of your alarm. Image not available forColor: To view this video download Flash Player Skip to main content Showing 1-10 of 11 answers I got this xt-33 from amazon and I could not get it to program. Finally I found a guy on Fixya that said you have to press the valet button 3 times (not 2 as the instructions say) and it worked great Rightman for the job · January 3, 2020 1 of 1 found this helpful. You'll hear another chirp. G. | Report abuse The first transmitter is now programmed. If you don't do this, those transmitters won't work. see less Never got mine to work. | Report abuse I looked it up on you tube when I got mine and the video was very helpful was easy to program with it. Jose R. Thank you! Keyless4u Seller · March 27, 2015 Do you find this helpful? Within 15 seconds push the valet switch 2 times (holding in on the 2nd push) until you hear a long chirp. If you search your system info you should find the instructions you need, or you are welcome to send us an Amazon message for help. I hope this helps you.
